

# **Celebration of the first International Day of Sport for Development and Peace**

Written by Colince Tatsa Tchinda

---

Dearest Presidents and Collaborators,

Today we are celebrating the first ever International Day of Sport for Development and Peace and welcoming this day in Africa. On behalf of the Ju-Jitsu African Union (JJAFU), I would like to seize this opportunity to welcome this day in the African Ju-Jitsu as a day of cooperation, understanding, brotherhood and helpfulness. We are following the call of United Nations and African Union and passing our greetings to all others continents and our umbrella federations Ju-Jitsu International Federation (JJIF) and the African Associations of Sports Confederations (AASC).
